

Research Clinic Multimodal Evidence Packet

PDF-PT-D00001-001 | PT-D00001 | 2026-06-19

Diagnosis: Type 2 diabetes with cardiometabolic complications | Risk: stable

Clinician: Dr. Sarah Miller | Source: Progress Note

Longitudinal progression evidence for PT-D00001 with Type 2 diabetes with cardiometabolic complications. This note links symptoms, imaging, structured labs, clinician plan, and review focus: glycemic trend, retinal screening, medication adherence. Medication evidence contributes to longitudinal answer synthesis for Type 2 diabetes with cardiometabolic complications.

Structured evidence table

Date	Metric	Value	Unit	Flag
2026-06-10	tumor_size_cm	3.14	cm	normal
2026-06-11	tumor_size_cm	3.17	cm	normal
2026-06-12	tumor_size_cm	3.37	cm	normal
2026-06-13	tumor_size_cm	3.51	cm	high
2026-06-14	tumor_size_cm	3.31	cm	normal
2026-06-15	tumor_size_cm	3.27	cm	normal
